

Monthly Help Desk Performance Report

Ardent ISD | September 2026

At a Glance

Metric	September	August	Target / Interpretation
Tickets opened	1,486	2,314	Expected decline after school opening.
Tickets closed	1,522	2,081	Closed more than opened, reducing backlog.
First-response SLA met	86%	74%	Target: 90%.
Median first response	3.6 hrs	6.2 hrs	Improving; still above desired level for standard tickets.
Open tickets > 5 business days	74	128	Declining.
Reopened tickets	4.8%	6.1%	Target: <5%.
Customer satisfaction	4.42 / 5	4.18 / 5	Strong improvement.

Top Ticket Categories

Category	Volume	Trend	Leadership Response
Student device / repair	358	Down	Continue campus swap process; review parts turnaround.
Password / account	286	Down sharply	Back-to-school surge easing; expand self-service guidance.
Classroom display / AV	214	Flat	Identify recurring models/rooms; consider targeted replacement.
Wireless / connectivity	178	Up at AHS/NRMS	Cross-reference infrastructure assessment.
Application access	164	Flat	Review SSO/group provisioning patterns.
Other	286	Mixed	Continue category cleanup for better reporting.

Service Performance Bars

- First-response SLA: **86%**
- Reopen target performance: **95.2% stayed closed**
- Customer satisfaction: **88.4% of maximum score**

Management Interpretation

The August surge remains the primary seasonal service challenge. September shows recovery, but wireless tickets at Ardent High School and North Ridge Middle School are moving in the opposite direction and should be treated as infrastructure evidence rather than isolated help desk issues.

Next Actions

1. Build an August surge plan by March.
2. Publish password/account self-service guidance before the next semester transition.
3. Create a recurring-problem list for AV/display equipment.
4. Tag wireless tickets by building/area to support network validation.
5. Review SLA performance quarterly rather than changing targets after one difficult month.
