

GETTING TO KNOW YOU!

Math helps us reason, model, analyze data, solve problems, and make sense of the world.

Share a little about yourself and how math fits into your life.

1

A math topic or course I enjoy most:

2

A math skill I want to strengthen:

3

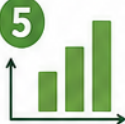

A real-world use of math that matters to me:

4

A problem-solving strategy that works for me:

5

A graph or data display I understand well:

6

A math-related career I want to learn about:

7

A number, formula, or pattern that interests me:

8

A question I have about how math explains the world:

9

One word that describes me as a learner:
